Subject: Re: LA Daily News photographer request for ride along

Hi Josh,

I understand per our conversation that you are not interested in me pursuing a story on how police work has changed since AB109 and Prop 47 because the city has not taken a position on this and that officers misspoke when telling me that your North Hollywood station is the busiest in the Valley. I think the officers on the streets have a pretty good idea of what is going on. The numbers in COMPSTAT show North Hollywood station's violent crime totals in the last year are up more than 4 percent while all other divisions in the Valley are down 2-13 percent, such as Van Nuys being down 2.8 percent, Foothill down 9 percent and Mission down 13.7 percent. This is why I'd like to make a second request to go on ride-alongs for a photo essay on officers from this division to see why North Hollywood is busier than the others.

Thank you,
Sarah

Importance: High

Hi Josh,

I'm writing a follow up story about the police commission's findings from the helicopter shooting from May 8, 2017 ... The newest report gives a sense of why commissioners found 12 officers out of policy – namely that the threat needed to be continually reassessed and also that some officers shot from a considerable distance that would have limited their ability to assess the decedent's actions as a deadly threat.

I was wondering if the department has any comment regarding the findings?

Thanks much,
Nicole

Hi -- I'm looking into an incident on April 26, 2018 in which LAPD was called to an apartment on the 500 block of South Spring Street in downtown around 6 pm. I believe the incident number is 5359.

I want basic information related to the incident as allowed under California law -- the time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date, and location of occurrence, the time and date of the report, the name and age of the victim, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or weapons involved.

I also want to know whether there is now a criminal investigation into the deaths. My deadline is the end of the day today. Thanks!

Take care,
Soumya

To: Joshua Rubenstein; Capt. Patricia Sandoval
Subject: Verifying Statistics / Requesting Interview for story on Internal Affairs Data

Good morning:

I am working on a story about sustained citizen complaints against peace officers in California, based off data reported to the California Department Of Justice. While I am relying on data obtained through a public records request with CALDOJ, and the data they provide is based on information directly reported by local agencies, I still wanted to check in and verify their numbers were not in dispute before proceeding. Please look at the below statistics and let me know if the LAPD disputes any of the following:

1. From 2004 to 2016, the LAPD received 33,417 citizen-generated complaints of non-criminal misconduct against its officers. The LAPD sustained 1,855 of those complaints, or roughly 5.5%
2. From 2004 to 2016, the LAPD received 4,631 citizen-generated complaints of misconduct that could rise to the level of a felony against its officers. The LAPD sustained 119 of those complaints, or roughly 2.57%

3. From 2004 to 2016, the LAPD received 4,791 citizen-generated complaints of misconduct that could rise to the level of a misdemeanor against its officers. The LAPD sustained 170 of those complaints, or roughly 3.55%

Based on the above statistics, I would also like to interview a commander in Internal Affairs or someone else within the agency with a background in investigating internal misconduct, so I can get a better understanding of the LAPD's mechanisms when it comes to policing its own. I'd want to know more about the department's complaint intake process, how (if at all) it differs from complaints generated within the agency, and discuss the findings above.

On average in the same time frame, law enforcement agencies in California sustained roughly 8.5% of all non-criminal misconduct complaints, 6.4% of all felony complaints and 12% of all misdemeanor complaints, meaning the LAPD seems to be sustaining complaints at a significantly lower percentage across the board. I would like to discuss the data discrepancy with LAPD officials, as well as how you think such numbers affect public trust. Given California's lack of transparency laws when it comes to officer discipline and Internal Affairs statistics -- as you know, the specific classifications of the above misconduct allegations are not public, i.e.: excessive force, false arrest, etc. are not public -- it is very difficult for the public to understand why or how police departments arrive at these internal decisions.

Thank You. I look forward to discussing this further.

Hi Cindy,

I just wanted to follow-up on your request to attend some of the final events for Chief Beck prior to his retirement. This is what Lt Ramirez, Officer Mike Wang and I have come up with at this point:

May 21, 2018, 10:00/11:00 AM: General Staff Meeting in Deaton Hall (Meeting consisting of Captains and above and civilian equivalent)

May 24, 2018, 4:00/4:45 PM: Foot Beat with Chief Beck in Jordon Downs Housing Projects

June 27, 2018, 11:30 AM: Chief Beck last day at work at PHF

We are checking the schedule for one or two other meetings/functions and will keep you posted. Please verify you plan to attend these events. Officer Regis will be your point of contact the day of these events.

Thank you,
Trish

Afternoon folks:

I'm working on a story that has to do with a law enforcement agency in a different county, and could use some context regarding how other major agencies in the region handle a similar issue.

Does the LAPD have a written policy as to how officers are supposed to address persons who assert their right to wear certain clothing or items related to their religion while in LAPD custody? For example, if a person normally wears a hijab or yarmulke, would the LAPD allow that person to continue to do so while in department custody?

I'm on deadline for Monday morning. Thanks,

Hi Kate,

Best of Luck to you this Summer with your bartending stint and then in law school. I know you will do well and hopefully will be back in LA one of these days again.

Thank you for being a great partner to me and the LAPD,
Trish

Subject: goodbye

Hi there,

As many of you probably know by now, today is my last day at The Los Angeles Times. I'm off to law school at Berkeley this fall and though I will miss journalism tremendously, I'm looking forward to my next adventure.

I wanted to thank you for your professionalism and respect over the years. Our conversations helped me better understand policing in Los Angeles and all the complicated, nuanced issues that come with it. You offered important facts, perspectives and context for my stories, which helped me better explain to the public what was happening at the LAPD and how that impacted the city as a whole. Thank you for your patience in answering my questions – and for picking up the phone again when I inevitably called back with follow-ups.

Should you ever need to reach me in the future, I'll be at mather.kate@gmail.com. (My cell number will also change by the end of the day – if you'd like the new one, let me know.)

Thanks again, and take care.
Kate

Hi Trish,

I saw the sign in the lobby about Chief Beck speaking at the officer memorial ceremony tomorrow. Just want to make sure it's ok if I attend with a photographer, to gather material for the profile.

No worries. It was a daily story and ran online yesterday and in today's paper.

It's no big deal, but in the future, is there someone else who can normally speak for RHD if the captain is unavailable? Just seemed like a good case to give you guys some ink on, so just want to know for next time.

Afternoon folks:

Just wondering if we could get Capt. Hayes or someone else from RHD on the phone for 5-10 minutes today on the arrest of Kenneth Ray Matthews(a.k.a. Kenneth Ray Boone). Looks like you guys caught him in a 1977 rape and murder based on a DNA match. The prosecutor spoke with me this morning and Matthews has a court appearance this afternoon, but I'm just trying to clarify some of the details of the investigation, namely the chronology of the DNA searches that led to his arrest. Sounds like a good case and one my editors are interested in giving good play too, but I need a little more to drag it across the finish line.

Please let me know if this is possible today.

Thx,

JQ

I still haven't heard from the Chief...but here is the arrest he was referring to, which should answer at least part of question 2.

Los Angeles: On April 24, 2018, Police Officer John Bailey of the Los Angeles Police Department (LAPD), assigned to the Van Nuys Area, was arrested by the LAPD on a felony arrest warrant for workers' compensation fraud.

The LAPD's Special Operations Division, Worker's Compensation Fraud Unit, conducted an investigation that stemmed from a medical claim filed by Bailey in early 2018. Investigators, working in partnership with the Los Angeles County District Attorney's Healthcare Fraud Division, as well as the Los Angeles City Attorney's Office, established probable cause to believe that Bailey knowingly committed workers' compensation fraud and as a result received benefits he was not entitled.

Bailey was booked in Los Angeles County and is being held on a \$60,000 bail. Bailey is 43 years old and resides in San Bernardino County, California. The LAPD's Workers' Compensation Fraud Unit was expanded in late 2008 to investigate workers' compensation fraud and other allegations involving abuse of benefits by City employees.

The goal is to aggressively investigate fraud and abuse of benefits within the workers' compensation system. The LAPD has completed 17 workers' compensation fraud investigations so far this year, and this marks the fourth felony arrest this year from these investigations.

Josh,

Per our conversation, we're working on a quick story about Chief Beck's comments in the budget hearing Monday. Some Qs:

- Beck referred to a more recent benefits abuse arrest, of somebody who was not in DROP. Who was arrested, and what are the details of the arrest?
- Thus far, there has been a lot of strong language- including by Beck on Monday- about arrests of those who abuse the benefits system while in DROP, but the only arrest was of Terry Johns, a low-ranked officer who retired two years earlier. Why did the evidence against Johns just emerge now? Should the public expect more arrests of others charged with committing crime while in DROP?
- Does Beck have any other statement or clarity as to how he would like to see DROP reformed? Does he believe that the program is necessary?

Thanks, I'm at 213.238.7856.

Josh,

Per our conversation, we're working on a quick story about Chief Beck's comments in the budget hearing Monday. Some Qs:

- Beck referred to a more recent benefits abuse arrest, of somebody who was not in DROP. Who was arrested, and what are the details of the arrest?
- Thus far, there has been a lot of strong language- including by Beck on Monday- about arrests of those who abuse the benefits system while in DROP, but the only arrest was of Terry Johns, a low-ranked officer who retired two years earlier. Why did the evidence against Johns just

emerge now? Should the public expect more arrests of others charged with committing crime while in DROP?

- Does Beck have any other statement or clarity as to how he would like to see DROP reformed? Does he believe that the program is necessary?

Thanks, I'm at 213.238.7856.

-Gus
